

April 2014: Provision for Graduation with Aegrotat Standing (Applies When a Student Who Has Completed Most Degree Requirements has Died or Been Permanently Incapacitated]

Aegrotat standing may be awarded in rare cases in which a student, based on serious medical or similar evidence, is unable to complete program requirements within a reasonable time, or at all. The designation is normally applied toward the end of a student's degree program, and may result in the awarding of an Aegrotat degree.

An Aegrotat degree is awarded only to students in good standing who have been unable to complete their program due to extraordinary and extenuating medical circumstances, usually resulting in death or permanent incapacitation. Normally, at least 75 per cent of the requirements for a credential must be successfully completed, with the balance fulfilled through the awarding of Aegrotat standing.

Aegrotat standing is rarely granted. A formal request must be submitted to the Dean of the faculty in which the student is registered during their graduating year. The approval of the Dean and the Vice President Academic is necessary to grant this status.
